Sneak Thief Enters Home.

A sneak thief entered the residence of J. T. Ratcliff last night about 6:30 or 7 o'clock and carried away a cloak and some other articles of wearing apparel. Mr. Ratcliff was in the back yard and Mrs. Ratcliff was in the kitchen and heard someone enter at the front door, and a little later saw a man with a light overcoat on pass out. A search was made but the thief had gotten beyond view and an examination showed that the cloak and other things were missing from a closet.

UNSEEN DANGER IS ON OUR TRACK

From the time of our birth till we lie down for the last time

The best defense from the dangers of disease is vigor of body and activity of the natural functions.

The kind of assistance is important. It must not be stimulation for that gives but temporary effect, and the reaction is more than depressing. Take a tonic—one that will re-establish normal digestion and assimilation and prove a reconstructive rather than a promoter of waste. This will give nature a fair chance to put in motion normal work of repair and tissue building.

Such a tonic was grown in Nature's Laboratory, hidden in the ground and brought thence forty years ago by Dr. R. V. Pierce, who has made the treatment of lingering diseases his life-long study and care.

He uses glyceric extracts instead of alcoholic ones, exactly proportioned and combined by processes of his own invention, first used in his private practice and now given out freely to the world in his "Golden Medical Discovery," which is composed of Golden Seal root, Queen's root, St. Ignace, Black Cherrybark, Blood-root and Mandrake root.

Mrs. A. T. Jones, of 924 Hayes Street, San Francisco, Cal., writes: "As a child I was delicate, and great care was taken of me because some of my relatives had died of consumption, although my father and mother were healthy. I grew up with only the ordinary diseases of all children, but about two years ago I contracted a severe cold, which would not yield to such home-treatment as was handed. Doctors were tried, but after three months of this treatment I was only worse. Then I was advised to try Dr. Pierce's Golden Medical Discovery, and am glad to say that three bottles not only cured me of the cold and cough, but made me feel better than I ever had before. I will always have a bottle of this medicine in the house."

These tiny, sugar-coated antibilious granules regulate and invigorate stomach, liver and bowels. Do not forget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

Cutting Metals with Oxygen.

Diamond may cut diamond, but oxygen cuts metal. The apparatus consists essentially of a tube, with two brandels terminating in blowpipes, moved along a guide in front of the metal plates or part to be cut at the rate of about six inches per minute. One of the blowpipes delivers an oxyhydrogen flame, which raises the metal where it is to be cut to a temperature corresponding with dark red. The following blowpipe delivers a jet of pure oxygen, which enters into combustion with the hot metal, thus producing a clear channel like a saw-cut about one-eighth inch thick, the remainder of the metal being unaffected by the operation.—Jewelers' Circular Weekly.

Island Ranks as Ship.

The Island of Ascension, in the Atlantic, is the property of the British admiralty authorities and is borne on the navy list as a vessel, being classed as a tender to one of his majesty's ships of war. The island is governed by a naval captain and the men stationed there (chiefly royal marines) are subject to the same rules as they would be on board ship. There is no private property in land, so there are no rents, rates or taxes.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated. Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatin.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle returns three times as much value as cost.

Prepared by Dr. J. C. F. Jones, Chicago, U.S.A.

Sold by People's Drug Store.

LA GRIPPE

Pneumonia follows La Grippe but never follows the use of

FOLEY'S Honey and Tar

It stops the Cough and heals the lungs. Prevents Pneumonia and Consumption.

Mr. G. VACHES, of 157 Osgood St., Chicago, writes: "My wife had La Grippe and it left her with a very bad cough on her lungs which FOLEY'S HONEY AND TAR cured completely."

FOLEY'S HONEY AND TAR

For children; safe, sure. No opiates.

For sale by People's Drug Store

Milford-Berger Shoe Co.

All winter goods in proportion.

Full line of rubber footwear just opened.

Milford-Berger Shoe Co.

How is Your Watch Running?

IS IT always fast or slow? Never quite on time? Perhaps the Watch is capable of very accurate running but it is not in perfect order. You know the tiny mechanism of a Watch absolutely demands that each of the dozens of little parts, springs, wheels, jewels, etc., be just right or good timing is out of the question.

Watch Repairing has always been a hobby with me, to do the best work possible.

CHAS. H. RIEDEMANN.

At Peoples Drug Store, Vinita, Ind. Ter.

Kennedy's Laxative Honey and Tar Cures all Coughs, and expels Colds from the system by gently melting the Bronchi.
